

## **Cleaning for CPC Services**

Regular cleaning is important in controlling the spread of Covid-19. Cleaning of frequently touched items is particularly important.

### **Areas to be Cleaned**

- 1. Door handles, light switches, microphones and electronic equipment.**
- 2. Toilet facilities.**
- 3. Pew seats and pew rails with cushions removed.**

### **Cleaning Technique**

- 1. Cleaners to wear disposable latex or nitrile gloves.**
- 2. For hard surfaces, use a general purpose detergent spray with paper roll. Change the paper sheet frequently while cleaning.**
- 3. For cleaning microphones and electronic equipment make sure to use only suitable cleaning wipes.**

### **Waste**

**Place used paper roll and wipes in black waste sacks for general waste disposal.**
